

PL0003

Features

- floating magnet for profil housing
- Housing and slide surface anodized aluminium
- Weight ca. 90g
- Traverse velocity of magnet any
- Operating voltage 24V DC
- Current draw 100mA
- Temperature range -40...+85°C

Included:
Magnet

Accessories (please order separately):
Connector straight BKS-S19-1...
Connector right-angle BKS-S20-1-...

Input signal

Pin	Cable	Signal
4	BK black	Enable

Supply voltage (external)

Pin	Cable	Signal
3	BU blue	GND
2	do not connect	
1	BN brown	DC +24 V
